

## Be a “Superhero” for the Day!

In line with our whole school theme ‘What is Love?’ we are exploring what is special about ourselves and others around us. We are learning about self love and being kind to ourselves, as well as others.

To celebrate this learning, we are asking you to create your own superhero! Your super skill will be based on you. Are you incredibly kind and will be Kind Friend? Do you care about the environment and will be Mr Enviro? Maybe you are very funny and will be Miss Chuckles... the choice is yours.

We would like the children to design and create their superhero costumes. This will form part of their home learning on a Wednesday afternoon. Children will also have time to create parts of their outfit at school, before the event.

To celebrate our learning, we are inviting all the children at St Paul’s to dress as a Superhero on Monday 10<sup>th</sup> May. This must be a superhero from your own imagination, based on reflection of your own super skills and strengths.

Each phase will have a hero parade in the afternoon, and we will be awarding prizes for the most imaginative costumes!
