

Thursday 11th January 2024

Dear Parents/Guardians,

Park View Care Home

As part of our wider curriculum, developing links with and supporting the community, children from Year Five and Year Six will have the opportunity to visit Park View Care Home on Tuesday afternoons this term.

Each week, children will go in small groups to the residential care home where they will read to, play games with and socialise with the residents there. We will select a different group each week.

This is a wonderful opportunity for our children to bring joy to those in our community and share their interests with those at Park View.

Thank you

Miss Taylor and Miss Southam
